## Liability for contents

GLODIGAPP is responsible for the contents of its sites as created and published by GLODIGAPP employees and associates. However, GLODIGAPP is not obligated to monitor User-submitted or stored content, or to search for evidence that indicate illegal activities. Legal obligations to removing information or to blocking the use of information remain unchallenged. In this case, liability is only possible at the time of knowledge about a specific violation of law. Illegal contents will be removed immediately at the time we get knowledge of them. In general, GLODIGAPP will follow the guidelines on “Free Speech” as outlined in the following US government document:

## Liability for links

GLODIGAPP web site includes links to third party web sites and resources. We have no influence on the contents of those sites and their availability. Providers of those sites are solely responsible for their content. At the time when the links were created on GLODIGAPP site, no apparent violation of laws were detected in the linked content. However, this may not hold true in the future, as third party content can be modified, hacked or otherwise compromised or altered making it deemed “illegal”. GLODIGAPP will make its best effort to remove links to such contents immediately upon obtaining knowledge of them.

## Copyleft ©

As distinguished from Copyright, GLODIGAPP provides [Copyleft](#) to the content published on its web site, unless such content (or links thereto) is subject of Copyright of third parties.
